How Pump-Out Partners Works

Hello

My name is Paul Burgess, I'm the owner and operator of Ward Septics out of Dora Creek (NSW) and I have come up with a way to pump out and clean your septic tank properly and professionally for my lowest amount ever.

I call this new system "**Pump-Out Partners**".

Chances are if you have a septic system, you neighbours will have them too.

By making an arrangement between you and your neighbour (or neighbours) for me to come out and empty your septic tanks for you, and on a day that suits you both.

BINGO, it is one of those WIN – WIN situations we so often hear about but very rarely see.

You save me some hassle & I can pass this on to you by way of a Great price.

You get the very best septic cleaning service I can provide no cut corners, no shortcuts and no shenanigans.

Plus with my 43 years of plumbing experience to back it up, you have nothing at all to worry about at all.

And because of your neighbours being your Pump-Out Partners, you both benefit from a cheaper pump-out price than would normally be possible by any reputable company .

The more friends and neighbours you can have involved (maximum of about 4-5), the better your price becomes.

Does that make sense?

Professional Septic Tank Cleaning At The Absolute Best Price Available

Pump-Out Partners is the very best way to have your septic tank cleaned and pumped out for the very best price available.

If this sounds like something you would like to do for your next pump-out. Think of the neighbours you would like to have involved and give them a call.

If they need their septic tank done now too. You're in business.

If you have any questions or want more information, please feel free to give me a call.
